At 08.45 am Colin headed the riders off on a route which went via Bluff and South Coast Roads to Higginson Highway. All the way along the Higginson and on to the N3 and off again to the M7. [Colin explained that this route was selected because of the reduced number of traffic lights].

The M7 became Edwin Swales and then a left into Bluff Road and up to the highest point where we parked as a group at the Spar and gave the Coffee on the Deck the benefit of our patronage. Nice views overlooking the golf course were complimented by reasonable prices and acceptable service.

An enjoyable morning was had by all in the company of like-minded classic motorcycle enthusiasts.
